Thank you for your interest in posting information to offer a discount or incentive for Polk County School Board (PCSB) employees or parents of PCSB students. As you may imagine, many requests to post such information are received on a weekly basis, and although the PCSB is not involved in advertising, the Polk Education Foundation (PEF) has developed a system with the approval of the Superintendent's Office to be able to post special offers for employees and parents, to provide an inexpensive option for local businesses to share their information with the very large target audience of our employees, or parents. As a result of the nominal posting fee, the PEF will be able to raise unrestricted dollars to help support the programs and services we provide to the school district.

We invite you to visit our website at www.polkeeducationfoundation.org to learn more about the programs and services of the PEF and ask you to consider directly supporting one of our programs as a sponsor, serving as a mentor in our Take Stock in Children program, or remembering us when you clean out closets to receive gently used items for our Free Teacher Market.

On the attached pages you will find the application to post an offer on the PCSB website, the fee structure for doing so and examples of the website with recent postings. If you have any questions, please contact me at the email address provided there, or call 863-534-0434.

Thank you,

Susan Copeland
