

Capital Projects

Overall revenues in Capital Projects are down slightly when compared to plan and prior year. Expenses for Capital Projects are down as compared to prior year, as well as the current year, offsetting the decrease in revenue. The decrease in facilities construction expenses is a result of the reduction of the number of active projects when compared to prior year. The number of projects has decreased due to the lack of funding for capital outlay. The increase in transfers out relates to the increased capital outlay expenditures within the general fund for equipment and furniture replacement in the classrooms.

Special Revenue

Federal through state sources of revenue is down due to the 9% holdback requested by the Florida Department of Education as a result of the sequestration. Expenses have increased in food services as a result of pay increases provided in March 2012, as well as a general increase in overall food costs.
