**Re:** December 2010 Financial Summary

---

Attached you will find the financial package for month ending December 30, 2010. Below you will find a brief summary by fund of the major events impacting the financial statements of the District.

### General Fund

State and Local sources of revenues are in line with the 2011 Budget although local sources have decreased compared to prior year while State sources have increased. Transfers In are higher than prior year offsetting increases in School Administration, Central Services and Facilities. This is a result of a rule change that was effective at the beginning of this fiscal year regarding classification of expenses within the Capital Projects funds.

Overall, expenses are flat year-to-date as compared to prior year. Increases in General Administration over prior year are a result of recording insurance premiums for workers' compensation, general and fleet liability monthly instead of annually. The increase in Fiscal Services continues to be the result of a prior year entry that was re-classified in a prior month. Increases in Pupil Transportation are a result of increased diesel prices and an aging fleet resulting in increased parts costs. Community Services has increased due to an increase in the number of scholarships at Ridge Technical Center. These increases are offset by a decrease in transfers to other funds from the General Fund.

### Capital Projects

Local sources of revenue have decreased when compared to prior year while State sources have increased. Transfers in and other financing sources are also down. Expenses for facilities have increased due to continued work on remodel/renovation projects around the district. The decrease in expenses for instruction, administration, food service, and central services are due to the rule change mentioned previously. As a result, monies normally spent in instruction and central services are being

*Polk County Schools-  
An equal opportunity  
Institution for education  
and employment*

transferred to the general fund, and food service expenditures may only be recorded in Special Revenue

**Special Revenue**

Federal through state sources of revenue and instruction expenses have increased due to Jobs Fund receipts. The increases in expenses for instructional and curriculum development, and instructional staff training are a result of a timing variance between the 2010 and 2011.

If you have any questions, please, do not hesitate to contact one of us.

Thank you.
