Re: September 2013 Financial Summary

Attached you will find the financial package for months ending September 30, 2013. Below you will find a brief summary by fund of the major events impacting the financial statements of the District.

General Fund

Overall revenues are higher as compared to prior year. Overall expenses in the General Fund are higher than prior year expenses. Increased transfers in are due to increased maintenance and repairs. Overall expenses are higher than prior year. This increase is due to increased instructional expenses; facilities and maintenance; and pupil transportation. Increased ending fund balance is driven by the timing of revenues versus expenses. Expenses are typically lower in July and August causing fund balance to appear high in the first half of the fiscal year.

Capital Projects

Overall revenues in Capital Projects are relatively flat when compared to prior year. Local sources are aligned with prior year. Expenses for facilities construction are down as compared to prior year. This is offset by increased transfers out for maintenance, repairs and renovations.

Special Revenue

Federal direct and Federal through state sources of revenue are down due to timing of grant receipts. Expenses are commensurate with revenues.

If you have any questions, please, do not hesitate to contact me at any time.
