INTRODUCTION

Home education, as defined by Florida law, is “sequentially progressive instruction of a student directed by his or her parent in order to satisfy the attendance requirements of Sections 1002.41, 1003.01, and 1003.21.” The law gives parents much freedom in directing and choosing the educational programs that best meet the needs of their child. Parents are responsible for all aspects of the student’s home education program. Throughout the state of Florida, children of all ages are being home educated, with many of them entering college straight from their home education programs.

FREQUENTLY ASKED QUESTIONS AND ANSWERS

1. **Q. What are the responsibilities of parents who wish to establish a home education program?**
 - A. To establish a home education program and maintain compliance, as required by Section 1002, the parent must:
 1. Send notice of intent to the district school superintendent within 30 days of beginning your home education program. (Appendix A, Form 1)
 2. Maintain a portfolio of records.
 3. Make your portfolio available for inspection by the superintendent upon a 15-day written notice.
 4. Submit an **annual** evaluation for each child to the superintendent within one year of the letter of intent. (Form 4)
 5. Preserve your child's portfolio for two years.
 6. Submit a notice of termination within 30 days upon completion of your home education program when you stop home educating your child, or upon moving from the county. (Form 5)

2. **Q. Will I need to file a notice of intent for my five-year-old kindergartner?**
 - A. Five-year-old children who turn 6 after February 1, and who are home schooled for kindergarten, are not required to register for the Home Education Program. However, if a letter of intent is filed for a five-year-old kindergartner, then the parent must keep a portfolio and the child must be evaluated.

The School Board of Polk County's *Student Progression Plan* states that students entering first grade must be 6 years old on or before September 1 of the school year and have successfully completed a county approved kindergarten. HOME EDUCATION IS NOT AN APPROVED KINDERGARTEN.

3. **Q. Do I have to hold a teaching certificate to teach my child at home?**
 - A. No. A parent is not required to have a valid Florida teaching certificate to home educate his/her child.

4. **Q. Will there be expenses associated with home educating my child and will I be responsible for them?**
 - A. Yes. There will be expenses associated with home education; e.g., books, materials, and any other instructional materials you choose to utilize. All expenses for home education are paid by the parents.

5. **Q. Will Polk County Schools be sending me something telling me what I should be teaching?**

A. No. The parent/guardian who assumes the responsibility of educating a student at home also assumes the responsibility for providing curriculum, instruction, educational materials, and evaluations necessary to determine student progress.

6. **Q. Where do I find materials?**

A. School districts do not supply books, curricula or materials, for home education purposes. Some home school parents utilize the following resources:

7. **Q. Do I have to teach my child myself or are there other educational avenues available?**

A. A family that has established a home education program as required by statute may enlist the help of a tutor, Polk Virtual School, the Florida Virtual School, correspondence courses, or other means to provide sequentially progressive instruction.

8. **Q. How do I seek support from others who are teaching at home?**

- A.** There are home education support groups in every district. The Florida Parent Educators Association (FPEA) is a statewide organization that provides comprehensive home education information in their online special edition newsletter, www.fpea.com FPEA can be contacted at:

Florida Parent Educators Association (FPEA)

Parents with Internet access may also search online for various home education oriented organizations.

9. **Q. If I hire a tutor to teach my child, who is responsible for the records?**
- A.** If a private tutor is hired to provide instruction for the child, the parent is responsible for maintaining the child's portfolio.
10. **Q. What is a portfolio?**
- A.** Section 1002.41(1)(b) defines a portfolio as: "(1) A log of educational activities which is made contemporaneously with the instruction and which designates by title any reading materials used; (2) Samples of any writings, work sheets, workbooks, or creative materials used or developed by the student".
Included in the portfolio are:
1. Sequentially progressive lesson plans written during instruction;
 2. A list of titles of reading materials, textbooks, and other materials used during instruction; and
 3. Samples of each child's work.

The portfolio shall be preserved by the parent/guardian for two years and shall be made available for inspection by the district school superintendent, or the district school superintendent's agent, upon 15 days' written notice. Nothing in this section shall require the district school superintendent to inspect the portfolio.

11. **Q. Must all home education parents submit an annual evaluation?**
- A.** Yes. By law, all parents who home educate must submit an annual evaluation within one year of the date the Notice of Intent to Home Educate was filed. (See Home Education Program Evaluation Checklist - Form 4)
12. **Q. What type of evaluation will meet the annual requirement?**

- A.** An annual evaluation must be submitted for each home education student. (See Home Education Program Evaluation - Form 4). The annual evaluation requirement must be met by submitting **one** of the following:
1. Portfolio evaluated by Florida certified teacher.
 2. Results of nationally normed achievement test taken by the student and administered by certified teacher.
 3. Results of a state student assessment test taken by the student.
 4. Student evaluation by an individual holding a valid active license in psychology.

13. **Q. Does my child have to take the FCAT or any other state assessments?**
- A.** No. Home school students **are not required** to take any type of state assessment tests. An annual evaluation is the only evaluation mandated by law. If you choose to have your child take the FCAT, please contact the Office of Accountability at (863) 534-0691.
14. **Q. What are the consequences if I do not submit an annual evaluation of my child to the school district?**
- A.** Section 1002.41(2) requires the parent to provide an annual evaluation for **each** child. Failure to do so places the home education program in noncompliance. The superintendent may, after notice to the parent, terminate the home education program and require the child to enroll in public school to meet the compulsory attendance law.
15. **Q. How is it determined if my child is promoted to the next grade?**
- A.** If the child remains in home education, it is the parent's decision. If the student re-enters public school, the student shall be placed academically as any other student who seeks to enter a public school. After classroom observation and assessment, placement may be adjusted.
16. **Q. What if my child was sent to an Alternative Education Program?**
- A.** Students who are assigned to an alternative education program or another school for disciplinary reasons **must** complete the program before returning to their school of assignment.
17. **Q. What should I do when it is my intention to no longer home educate?**

- A.** Provide written notice of termination of the home education program to the superintendent within 30 days of the termination. (Notice of Termination of Home Education Program - Form 5) After terminating your program, you must re-enroll your child or children in a public or private school if they are of compulsory school attendance age (6-16).
18. **Q. Does the School Board of Polk County provide services for Special Education students?**

20. **Q. How does the school district determine at which school my child may participate in interscholastic, extracurricular activities?**
- A.** Home education students are required to participate at the public school for which they would be zoned based on home residence.
21. **Q. If my child participates in interscholastic, extracurricular activities offered at public schools, must he/she comply with school entry and immunization requirements?**
- A.** Yes. Home education students must meet the same entrance and immunization requirements as other students attending public school.
22. **Q. What if the interscholastic, extracurricular activity requires a class be taken in order to participate?**
- A.** In accordance with Section 1006.15(4)(c), a home education student must enroll in class if that is a requirement for an extracurricular activity. For example, the school must allow a home education student to take a band class during the day if that class is required for participation in the school's marching band.
23. **Q. What is part-time enrollment with Polk County Schools?**
- A.** Students enrolled in Home Education have the opportunity to supplement their home education program by enrolling part-time at their zoned school. Parents should contact their local school for specific enrollment procedures. Students who are enrolled part-time are subject to all

applicable rules and regulations pertaining to full-time students, including: dress code, attendance policy, and code of student conduct. To help ensure academic success, students in grades 6 through 12 are strongly encouraged to register prior to the start of the semester in which they will attend. The notice shall be filed in the district school superintendent’s office within 30 days of the establishment of the home education program. A written notice of termination of the home education program shall be filed in the district school superintendent’s office within 30 days after said termination.
 - (b) The parent shall maintain a portfolio of records and materials. The portfolio shall consist of the following:

 2. Samples of any writings, worksheets, workbooks, or creative materials used or developed by the student.
The portfolio shall be preserved by the parent for two years and shall be made available for inspection by the district school superintendent, or the district school superintendent’s agent, upon 15 days’ written notice. Nothing in this section shall require the district school superintendent to inspect the portfolio.
 - (c) The parent shall provide for an annual educational evaluation in which is documented the student’s demonstration of educational progress at a level commensurate with her or his ability. The parent shall select the method of evaluation and shall file a copy of the evaluation annually with the district

school superintendent's office in the county in which the student resides. The annual educational evaluation shall consist of one of the following:

 2. The student shall take any nationally normed student achievement test administered by a certified teacher;

If the student does not demonstrate educational progress at a level commensurate with her or his ability, the district school superintendent shall notify the parent, in writing, that such progress has not been achieved. The parent shall have one year from the date of receipt of the written notification to provide remedial instruction to the student. At the end of the one-year probationary period, the student shall be reevaluated as specified in paragraph (1) (c). Continuation in a home education program shall be contingent upon the student demonstrating educational progress commensurate with her or his ability at the end of the probationary period.
- (2) A home education program shall be excluded from meeting the requirements of a school day.

Section 1002.01 Home Education Program

- (1) A "home education program" means the sequentially progressive instruction of a student directed by his or her parent to satisfy the attendance requirements of Sections 1002.41, 1003.01(13), and 1003.21(1).

Section 1003.21 School Attendance

- (3) (1)(a) All children who have attained the age of 6 years or who will have attained the age of 6 years by February 1 of any school year or who are older than 6 years of age but who have not attained the age of 16 years...are required to attend school regularly during the entire school term.

Section 1003.26 Enforcement of School Attendance

(1)(f)1. If the parent of a child who has been identified as exhibiting a pattern of nonattendance enrolls the child in a home education program pursuant to Section 1002, the district school superintendent shall provide the parent a copy of Section 1002.41 and the accountability requirements of this paragraph. The district school superintendent shall also refer the parent to a home education review committee composed of the district contact for home education programs and at least two home educators selected by the parent from a district list of all home educators who have conducted a home education program for at least three years and who have indicated a willingness to serve on the committee. The home education review committee shall review the portfolio of the student as defined by Section 1002.41, every 30 days during the district's regular school terms until the committee is satisfied that the home education program is in compliance with 1002.41(1) (b). The first portfolio review must occur within the first 30 calendar days of the establishment of the program. The provisions of subparagraph 2 do not apply once the committee determines the home education program is in compliance with Section 1002.41 (1) (b).

2. If the parent fails to provide a portfolio to the committee, the committee shall notify the district school superintendent. The district school superintendent shall then terminate the home education program and require the parent to enroll the child in an attendance option that meets the definition of "regular school attendance" under Section 1003.01(13) (a), (b), (c), or (e), within three days. Upon termination of a home education program pursuant to this subparagraph, the parent shall not be eligible to reenroll the child in a home education program for 180 calendar days. Failure of a parent to enroll the child in an attendance option as required by this subparagraph shall constitute noncompliance with the compulsory attendance requirements of Section 1003.21 and may result in criminal prosecution under Section 1003.27(2). Nothing contained herein shall restrict the ability of the district school superintendent, or the ability of his or her designee, to review the portfolio pursuant to Section 1002.41(1) (b).

Regional accreditation means that the school has been certified as acceptable by one of the six nationally recognized accrediting organizations in the country, each of which is responsible for a specific geographic area. A regionally accredited program will provide a transcript (or diploma) that may be more readily recognized and accepted by other secondary schools as well as colleges and universities. Other forms of accreditation are available, and some correspondence schools choose not to seek accreditation. A program's inclusion in the following list is not necessarily meant to convey endorsement by the Polk County School Board.

NOTE: Parents and students should contact post-secondary institutions of interest to see if their home education curriculum is eligible for federal financial aid programs.
