

Title I, Part C – Migrant Education

Title I, Part C, of the *No Child Left Behind Act of 2001*, provides funding to districts with a large migratory population. A “migrant” is a person who travels to another location specifically to obtain seasonal employment. This often results in a disruption of the education of children in these families. Title I, Part C, provides funds to assist migratory children who are at risk of falling behind in school.

The district employs Migrant Advocates to assist migrant children in transitioning to the new school setting and Migrant Home-School Liaisons to recruit and identify families that qualify for services.
