

GO

STOP

The image features a series of 18 horizontal lines, each with 15 vertical tick marks. These lines are arranged in a grid between two vertical lines: a green line on the left and a red line on the right. At the top of the green line is a green circle containing the word 'GO', and at the top of the red line is a red octagon containing the word 'STOP'. The tick marks are evenly spaced along each horizontal line, creating a rhythmic pattern.
