

**Dr. Fairest Hill** is an international motivational speaker and recording artist who resides in Tampa Bay, Florida.

Dr. Fairest Hill was born and raised in the inner city of Detroit, Michigan. He was labeled “functionally illiterate” and was failing in school until the intervention of a caring, committed teacher and his gift for music changed his life. At an early age, Dr. Hill made a commitment to be a success in life, no matter what the cost. Regardless of the negative influences that surrounded him, he remained faithful to his goal.

After graduating from Central High School with honors, Dr. Hill continued his education at the Detroit College of Business and Golden Pacific University where he earned his Master’s Degree in Business Administration. While he was working on his education he was also employed at the Children’s Hospital in Detroit, MI. During his seven year tenure there, Dr. Hill rose from Maintenance to Admittance then to the Credit Department and finally on to Management. He later received a Master’s and Doctoral Degree of Divinity from Friends International University.

During his career, Dr. Hill has collaborated and performed with a variety of national recording artists. He is the Founder/Director of Youth On The Move, USA, Inc. and CEO of Vision Productions and Publishing company. Dr. Fairest Hill is also the author of “Life Without Limits,” “Daddy Talk” and “Yes You Can Win.” He has also developed a curriculum targeted for at-risk students called “Project 2020: Building Leaders for the 21<sup>st</sup> Century,” and has recently released his sixth CD, “Don’t Stop.” Dr. Hill also traveled with International Speaker, Dr. Myles Munroe.

Dr. Fairest Hill’s speaking career has involved training for over 1 million youth across the United States and abroad. Organizations from Trinidad, Jamaica, the Bahamas, Canada and South America have all engaged him to provide motivational training. He has been a keynote speaker for: government agencies (he was just recently in England and South Africa motivating the youth and government officials there); corporations; Job Corps; and professional conferences. He also does staff development training sessions, parent involvement workshops and has recently started a family mentorship program.

*Dr. Fairest Hill’s message is simply “Yes, You Can Win, with a POSITIVE ATTITUDE.”*
