

Polk County Schools list for acceptable prefixes for items that are AV materials, or Books these letters precede the Dewey call number.

With the publications of Anglo-American Cataloging Rule, 2nd ed. (AACR2) in 1998 and Amendments 2001, and certain specified terms were established to identify non-print media. These are called General Material Designator [GMD] and appear, in brackets, immediately following the title in the catalog entry. In Polk County we have used a 2 or 3 letter code in the call number to identify AV items. For the benefit of those who catalog their own materials, or are going to enter them in CircPlus, here are the codes Central Cataloging uses:

<u>TYPE OF MEDIA</u>	<u>CALL NO. CODE</u>	<u>GMD</u>
Biographies	92	Any material

Transparencies	TRA	[picture]
Videocassettes	VDR	[videorecording]
Vertical File	VF	[realia]

(Kits are 2 or more forms of media if another call # does not apply)

Some of you have received LeapFrog Materials both games and cartridges. We have given them the following prefixes and call numbers hope this helps. The Game Pads are GAM and then the Dewey number for educational games: ex. GAM 371.33 LEA or GAM 371.33 QUA. The books are cataloged as GCT for Game Cartridges: GCT 371.33 ALL the last suffixes by what the title is. Items like the GeoSafari, MathSafari, etc. can be cataloged the same way, as Educational Games.

The word **Saint** will be given **St** followed by the first letter of the next word in capitols.

Example: Saint Petersburg – StP – this will help with shelving, filling and other confusing issues.

Please note: If you have not added Chapter 2, Block Grant or Title VI etc. into Categories in your Follett database **DO NOT** throw away your Brown Banded shelf-list cards. Upon discarding or loss of item, mark card and file in dead file.

SPECIAL PREFIXES FOR SPECIFIC AREAS:

NIN for Ninth Grade Centers

SA for Summerlin Academy

CFAA for Central Florida Aerospace Academy

MID for those Schools who have Middle Schools as well as Elementary or Senior High

NOTE: USE THESE PREFIXES FOR VENDORS. THE NEED FOR UNIFORMITY IS IMPERITIVE.

The following are some codes that you may wish to add to the end of your Call Numbers instead of at the beginning so that they will not be removed when you are added to the Union.

CC – Children’s Collection
SS – Special Collection or Special Section
AR – For Accelerated Reader Information
YA – Young Adult

Remember to make and add Categories for these and any other special information that is in a note, they will be merged or deleted when we go to Destiny.
