*****NOTE***** If you are cataloging Laptop Computers use the Prefix for the proper Equipment, the Call Number for Computers, and then use the Name of what it is. Ex. CEQ COM LAP hope this helps.

Items like Flash Card Readers and Memory Sticks should use the prefix for Peripherals. EQ PER FLA, EQ PER MEM, etc.

Items like the GeoSafari, MathSafari, etc. should be cataloged like the LeapFrog Items see List of acceptable prefix sheet for AV materials or Books.
