**DISTRICT COMMITTEE FOR
THE REVISION OF THE
SELECTION POLICY HANDBOOK FOR THE SCHOOL MEDIA CENTERS
OF
POLK COUNTY**

ADMINISTRATORS:

David Lewis, Associate Superintendent of Learning

Abdu Taguri, Assistant Superintendent of Information Systems and Technology

Paula Leftwich, Senior Director of K-12 Curriculum & Instruction

COORDINATORS:

Jackie A. Baldwin Senior Coordinator Secondary Reading/LA

Diane S. Conley, Senior Curriculum Coordinator Secondary Language Arts

Julie C. Noel, Senior Coordinator Elementary Reading/LA/SS

Jacqueline W. Rose, Senior Coordinator for District Media Services

MEDIA SPECIALIST:

Intellectual Freedom Representative of the Polk Educational Media Association

ENGLISH TEACHERS:

President of Polk County Council of Teachers of English

English Teacher Representing Appropriate Grade Level

COMMUNITY REPRESENTATIVES:

Polk County Library Cooperative Director

Public Library Representative

SCHOOL LIBRARY MEDIA COMMITTEE

The principal, in cooperation with the library media specialist, should name the local School Library Media Committee for each school year no later than the second week after the teachers have returned to school. This committee may be named in June of the preceding school year. It is imperative this committee be established prior to any challenge.

This committee shall consist of at least nine people, but no more than fifteen. The members of this committee will receive instruction annually by the library media specialist(s), who will clearly apprise them of their roles should the school receive a request to examine any school educational media. Upon completion of this in-service, each committee member shall sign verification of having received this instruction. (See Appendix A) A copy of this signed form is to be sent to District Library Media Services no later than October 1st of each school year. Schools will be sent two letters reminding them of the due date. The second letter will be from the superintendent to the principal.

This committee should consist of:

1. Principal or principal's representative
2. Library Media specialist(s)
3. Teachers (at least two) - Secondary should have a Language Arts teacher
4. Parents (at least two; one may be a member of the school community)
5. Students when appropriate (grades 6-12 only)

This committee will hear all requests for examination of school educational media (both print and non-print).

POLK COUNTY PUBLIC SCHOOLS

MISSION

The Mission of Polk County Public Schools is to ensure rigorous, relevant learning experiences that result in high achievement for our students.

VISION

In accomplishing this Mission, we envision that students in the Polk County Public Schools will effectively

- read, write, compute, speak, listen, and use complex thinking skills to solve problems;
- be self-directed in creating personal purpose and vision, setting priorities, choosing ethical actions and creating their own knowledge;
- cooperate and collaborate with others in working with and leading groups; interact positively in diverse settings; recognize the value and contributions of all individuals; and make positive contributions to their communities;
- understand and use social organizations and technological systems; design, monitor, improve, and correct performance within a system; and create viable products.

These desired student outcomes and practices would be fostered and nurtured in schools and classrooms with an environment in which

- adults assume instructional and ethical leadership to create efficient, effective environments perceived as safe, healthy and equitable, where students are recognized as unique individuals capable of learning and independent thinking;
- adults use varied and reliable teaching and evaluating procedures through relevant curricula;
- adults enable students, families, and communities to work cooperatively to assume responsibility for the total educational experience;
- adults engage in professional growth and training activities to effect continuous improvement in the system;
- students are guided in their total physical, mental, and emotional development through activities which are student-centered, and which focus on positive expectations, and which encourage intrinsic motivation.

PHILOSOPHY OF SELECTION AND USE FOR SCHOOL'S LIBRARY MEDIA CENTER

Selection of media for the media center is a continuous and cooperative process among administrators, staff, library media specialists, students, and parents. Teachers, especially, should actively participate in this ongoing process and meet regularly with library media specialists in planning and deciding upon selections that reflect the reading ability, maturity level, interests, and curricular and individual needs of the students and staff members. Media selected should be consistent with the educational goals of the district, have aesthetic, literary, or social value, and represent a pluralistic society. While perspectives from a variety of persons and sources in selecting media are encouraged, the library media specialist knows the holdings of the center and has the responsibility to maintain a balanced collection. The library media specialists may also catalog and inventory all media ordered by the school, excluding textbooks, regardless of the originator of the order.

In order to implement, enrich, and support the educational programs of the school and community, the media center should provide maximum access to its materials for use in school and at home. The library media specialists should assist in the development of reading skills, literary taste, discrimination in choice of materials, and instruction in the use of information in all formats, as well as conveying to the students the strengths, limitations, and uses of each medium. In addition, the media center should contribute to the development of the social, intellectual, and moral development of the students.

The media center is only as effective as its usefulness. A center which is accessible to all and which has a wide variety of general and specific materials of print and non-print resources will encourage students to pursue inquiry, develop individual interests, enhance knowledge, and become life long learners. Finally, schools are encouraged to have a collection development plan that addresses their personal needs and includes such specific steps as school/community analysis, policy development, selection acquisition, weeding, and evaluation.

SCHOOL LIBRARY BILL OF RIGHTS

School libraries are concerned with generating an understanding of American freedoms and with the preservation of these freedoms through the development of informed and responsible citizens. To this end, the American Association of School Librarians reaffirms the Library Bill of Rights of the American Library Association and asserts that the responsibility of the school library is:

1. To provide materials that will enrich and support the curriculum, taking into consideration the varied interests, abilities, and maturity levels of the pupils served;
2. To provide materials that will stimulate growth in factual knowledge, literary appreciation, aesthetic values, and ethical standards;

3. To provide a background of information that will enable pupils to make intelligent judgments in their daily lives;
4. To provide materials on opposing sides of controversial issues so that young citizens may develop under guidance the practice of critical reading and thinking;
5. To provide materials representative of the many religious, ethnic, and cultural groups and their contributions to our American heritage;
6. To place principle above personal opinion and reason above prejudice in the selection of materials of the highest quality in order to assure a comprehensive collection appropriate for the users of the library.

OBJECTIVES FOR SELECTING MEDIA

The primary objective of each school's media program is to enrich, extend, and support the instructional program of the school. The school media program makes available a wide range of media on varying levels of difficulty with a diversity of appeals compatible with the different needs, interests, and viewpoints of students and teachers.

In addition to supporting the School Library Bill of Rights, the responsibility of the school media program is as follows:

1. Media shall be appropriate for the subject area and for the age, emotional development, ability level, and social development of the students for whom the materials are selected.
2. Media shall be evaluated for their strengths rather than rejected for their weaknesses.
3. Specific curriculum objectives may be achieved by providing biased or slanted media.
4. Special consideration is given to treatment of the following elements: religion, ideologies, sex education, sex, profanity, and science.
5. Acceptance of gifts of media shall meet the same selection criteria and procedures as purchased media. The same persons having the responsibility for acquisitions will determine their acceptance, along with the understanding of their use or disposition.

Selection is a continuing process which shall include the removal of media no longer appropriate and the replacement of lost and worn materials still of educational value.

CRITERIA FOR SELECTING SCHOOL MEDIA

Media considered for purchase are judged on the basis of the following criteria:

Purpose - overall purpose and its direct relationship to instructional objectives and/or the curriculum.

Reliability - accurate, authentic

Quality - writing and/or production of merit.

Treatment - clear, comprehensible, skillful, convincing, well-organized

Technical production - aurally and visually appealing, well-crafted, up-to-date

Construction - durable, manageable, functional, attractive, well packaged, safe. Special features

- useful illustrations, photographs, maps, graphics, charts, graphs,

documentation, sound, user friendly.

Possible uses - individual, small and large group instruction, in-depth study.

Special Considerations

1. Religion - factual media that represent all major religions.
2. Ideologies - factual information or philosophy that exerts a strong force in society.
3. Sex education - factual information appropriate for the age group or related to the school curriculum.
4. Science - factual information about medical and scientific knowledge.
5. Profanity - use of profanity does not automatically disqualify a selection. Effort is made to exclude media using profanity in a lewd or detrimental manner.
6. Sex - pornographic, sensational, or titillating material is not included, but the evidence of sexual incidents appearing in the media does not automatically disqualify its use. (Reference Florida State Statute 233.165)

Effort should be made to keep the media current and comprehensive, and shall include media that reflect rapidly developing instructional technologies. **The responsibility for selection of school library books and materials shall rest with the certified school library media specialist.**

All Health, Substance Abuse, and Violence Prevention lessons in middle and high school, including Life Management and Family Dynamics, have a specified Board-approved curriculum. Any additional materials requested to support or enhance these lessons must have approval from the Curriculum Review Committee at the Mark Wilcox Center. This includes any on-air broadcast recordings.

Videos on topics related to Human Sexuality, HIV/AIDS, Teenage Pregnancy, STD's, Substance Abuse, and Violence Prevention shall have a label placed on the video that states: This video must be previewed by the classroom teacher,

enhance the curriculum, and be compliant with Critical Issues in order to be viewed in the classroom. Contact the Mark Wilcox Center for further information.

PROCEDURES FOR SELECTION, MAINTENANCE, USE AND EVALUATION OF LIBRARY MEDIA

The school library media specialist, in collaboration with teachers, administrators, and the school media advisory committee will:

1. Arrange, when possible, for firsthand examination of items to be purchased.
2. Use recommended, professionally prepared selection aids when firsthand examination of materials is not possible (See Appendix N).
3. Evaluate carefully any costly sets of media and items to be subscription only as specifically needed.
4. Limit the purchase of duplicates to media that is not used extensively.
5. Evaluate gift items by standard selection criteria, and upon acceptance of such items, reserve the right to incorporate into the collection only those meeting these specified criteria
6. Purchase replacements for worn, damaged, or missing media basic to the collection.
7. Weed continuously from the collection worn, obsolete, and inoperable items. Emphasis should be on educationally useful items – quality not quantity.
8. Coordinate all cable television, off-air broadcasting, and satellite television reception through the school media center. Each school should determine a procedure for documenting copyright information needed, to include but not be limited to:
 - a. person requesting
 - b. date copied
 - c. period of copyright duration
9. Coordinate or establish procedures for documenting copyright, license, and use of all materials purchased, borrowed, rented, or created, to include but not be limited to:
 - a. number of computers that can access software
 - b. identification of computers, which will access software

PROCEDURES FOR CLASSROOM SELECTION

From
Approved Reading List Grades 6-8, 9-12
(Revised January, 1994)

The teacher must:

1. Read the book prior to assignment to determine value and suitability, utilizing criteria for selection of classroom books (see Appendix L).
2. Send home, at the beginning of the year to parent(s) and/or guardian(s), a letter that does the following:
 - a. lists books selected from the district's approved list to be read in class.*
 - b. requires signature of parent(s) and/or guardian(s) if there is an objection to a selected book.
3. Introduce book to students, explaining:
 - a. selection rationale
 - b. possible objections
4. Present standardized requirements for completing an assignment if an alternate choice becomes necessary. Alternate choices must:
 - a. meet the same objectives of original assignment.
 - b. meet same relevant and challenging levels of original assignment.
 - c. be comparable in length and difficulty to original assignment

Prior to choosing a book:

1. English department must articulate reading selections.
2. Teacher must select from the agreed upon departmental reading list, taken from the district's approved reading list.
3. Teacher must approve the selection of an alternate book from the district's approved reading list should an objection be made.
4. Administration must be aware of the books selected to be studied and must read selections before disapproving of them.

* Should a teacher wish to study a book not on the district's approved list, he/she must receive administrative approval. If the principal does not wish to make a decision on the book, he/she may appeal to the Senior Coordinator for Language Arts.

- Should a teacher wish to add a title to the district's approved list, he/she should use the form on Appendix N and wait for approval before allowing the use of the book.

BOARD ADOPTED 1994

POLK COUNTY VIDEO and DVD USAGE POLICY

Each school bears the responsibility for implementing the proper use of videos and DVDs. If used properly, these materials can be valuable educational resources. Failure to follow the Polk County Video and DVD Policy may result in disciplinary action, which may include possible termination or legal action.

Prior to showing a video/DVD:

1. ALWAYS PREVIEW FIRST.
 2. Verify the rating of the item you intend to show. NO "R" rated videos/DVDs are appropriate for classroom use. These are forbidden from being shown under any circumstances. The use of "PG13" videos/DVDs at the elementary level is not permitted. It is mandatory that parental approval be given before viewing "PG" videos/DVDs at the elementary level. Likewise the usage of PG13 videos/DVDs at the middle school level requires parental permission. Get a parental permission form from your library media specialist (see Appendix J).
 3. Document in your lesson plan how the video/DVD directly supports your curriculum-based lesson.
 4. If a staff member intends to rent a video/DVD from a local establishment, Section 110 (1) of the copyright law dictates that these videos/DVDs may only be shown for educational purposes in a face-to-face setting, not broadcast over the closed-circuit television system. They may not be shown for entertainment, filler, motivation, or reward, etc. This also applies to employee or student owned videos/DVDs. Any educator who rents a video/DVD for school use must fill out the "Request to Use Rental Video In Classroom" form. This form requires administrative approval, and is available from your library media specialist (see Appendix K).
 5. If a school has not purchased public performance rights for videos/DVDS, no videos or DVDs may be shown over closed-circuit television systems
 6. A broadcast TV program may be recorded off-air from local stations only and retained by the school for 45 calendar days. It may only be used once and repeated once with each class by an individual teacher during the first ten (10) consecutive school days during the 45-day calendar retention period. At the end of the 45 days, it must be erased.
- Pay services such as out-of-town stations, HBO, Disney, etc., do not fall under these guidelines. Don't bring videos recorded from these services or "R" rated videos on school property.

FURTHER RECOMMENDATIONS TO CONSIDER:

1. Limit the student viewing time of videos/DVDs. It is not necessary to show the entire video/DVD to support your curriculum needs.
2. Be very selective of the content. Videos must be appropriate, relevant, of educational value, and on the students' level
3. Parents and teachers often have videos they want to share with the students. Be sure these videos meet all the above criteria.
4. Please consult the Cable in the Classroom programming guide for specific information on the retention of certain educational programs. The website is <http://www.ciconline.com>.

BOARD ADOPTED SEPTEMBER 2004

CRITERIA FOR DISCARDING/RETAINING MEDIA

Every school should have a policy regarding weeding and discarding media so that the collection may be kept pertinent, effective, and appropriate to the school's needs. The library media specialist has the major responsibility with teacher involvement in questionable or content cases. Resources used in selection of media, curriculum guides, district reading lists, etc. should be consulted to determine which media are still recommended. The needs of the particular school and the professional opinion of the as to the value of the materials are of utmost importance.

In discarding materials, the following should be considered:

1. Media unused over a period of five to seven years.
2. Media unattractive because of format, small print, dilapidated covers, loose pages, using out-of-date operating systems, or with information no longer appropriate, especially in such fields as science, social sciences, or technology.
3. Mediocre or inappropriate media of low standard which do not meet the selection criteria of the district or school policy.
4. Media outside the developmental needs of the school community.
5. Textbooks and other media not useful for reference.
6. Magazines no longer of any value for reference or class use.
7. Media that is no longer relevant to curriculum and student interest.

Criteria for media not to be removed may include:

1. Classics, except when a more attractive format is available.
2. Local and state history, unless collected by another agency and available for interlibrary loan.
3. Major publications of the school, unless another department is responsible for the school's archives.
4. Items incorrectly classified or poorly promoted that might circulate under changed circumstances.

SCHOOL ARCHIVES

Each school media center shall provide an area to house the school archives. While the principal may assign the responsibility for obtaining and organizing to other personnel, the library media specialist is requested by the Board to assist the principal in maintaining these school records for future generations.

These archives may include scrapbooks, pictures, videos, written histories, and other records that provide a history of the school.

IF SCHOOL MATERIAL IS CHALLENGED
SCHOOL PERSONNEL SHOULD:

1. Be positive, professional and calm.
2. Recognize the sincerity of a complaint.
3. Do not remove disputed media when a complaint is made.
4. Attempt to resolve the complaint informally at the time it is received.
5. Explain the established complaint procedure and supply the examination request form.
6. Implement the established review procedures as soon as a written request for review is filed.
7. Follow the board-established procedures throughout the entire process.
8. Maintain complete written records of all communication about the complaint.
9. Adhere strictly to the established procedures.
10. Call District Library Media Services for assistance (647-4714).

PROCEDURE FOR EXAMINATION OF MEDIA

This school district's policy for the selection of school media states that any parent, guardian, student with parental consent, or employee of the district may formally challenge instructional media used in the district's educational program. This policy further allows those persons in the school and the school community who are not directly involved in the selection of media to make their opinions known. The focus of the examination procedure is to provide an open forum for making an informed decision. School personnel are expected to be courteous and advise the complainant to arrange a conference with the principal.

PROCEDURE

1. It is the complainant's responsibility to arrange a conference with the principal. At this conference, the principal invites the complainant to file his/her objections on the Request for Examination Form. (See Appendix B) This form is available at school, district office and online at <http://www.polk-fl.net/mediaservices>. Assistance in completing the form will be available upon request.
2. Should the complainant not complete and return the board adopted form, no further consideration is mandated.
3. Upon receipt of the signed Request for Examination Form, the principal will notify the Senior Director that such a review is being conducted.

District Library Media Services will assist with recommended lists, locating additional copies of media and reviews upon request. The questioned media is not to be withdrawn from use during the period of examination.

4. The principal requests review of the challenged media by the School. (See Appendix A) This committee must meet and reach a decision within two (2) weeks.

When a textbook or other curricular material is being reexamined, the principal should make certain that the appropriate grade/content area is represented at the meeting. All members of the School Library Media Committee shall participate.

5. The principal will notify the Senior Director and the complainant of the meeting's date and time. The complainants shall be allowed to attend as observers only. (See Appendix C) If addressed by the committee, the complainant(s) may respond only to stated questions.
6. Communication with the press and other interested members of the community should be through the principal or the principal's representative
7. Each member of the School Library Media Committee will be provided with a copy of the media, reviews, checklists, and any departmental procedures for selection. (See Appendix H, and Appendix L) Each member will read, view, or listen to the media in its entirety and consider the extent to which the media supports the curriculum and meets the selection criteria. Each member then fills out his/her individual checklist prior to the scheduled committee meeting.

8. The principal, or his designee, will convene the meeting of the School Library Media Committee.

The committee will follow the board-adopted agenda (Appendix G). Minutes of the meeting will be taken. The vote by the committee must be by oral roll call or by signed ballot. (See Appendix I.)

9. The committee's recommendation for the treatment of the media will apply to the local school only.
10. The principal or his designee shall convey the decision of the committee to the Senior Director, the complainant, and Senior Coordinator for Library Media Services immediately by telephone and in writing, and shall forward all pertinent documentation to the Senior Director's office with a copy to Library Media Services. (See Appendixes F and I)
11. The principal or his designee notifies the complainant of the committee's decision (Appendix E) if the complainant is unable to attend the School Media Review Committee meeting.
12. If the complainant wishes for an appeal, the principal notifies the Senior Director and the Senior Coordinator for Library Media Services.

EXAMINATION OF CHALLENGED MATERIALS
SCHOOL MEDIA REVIEW
TIME LINE

- School Days 1-4 Principal receives the completed form for “Request for Examination of Media” from the complainant. (Appendix B)
- Principal reads the School Board Policy for “Challenge of School Media.”
Principal notifies the Senior Director and Senior Coordinator of Library Media Services.
- Principal requests reviews from the Library Media Services Department for challenged book/materials.
- Principal schedules a meeting of the School Library Media Committee.
(Appendix A)
- Principal writes a letter to the complainant(s) and Senior Director advising where and when the meeting will be held and inviting them to attend.
(Appendix C) The complainant does not need to attend but must be allowed to attend.
- Principal writes a letter to committee members scheduling them to attend the meeting and explaining the procedure they will follow. (Appendix D) Be sure to include the following:
- Procedures for Examination of Media (Pages 13-14)
 - Checklist (Appendix H)
 - Reviews – may be held for meeting
 - Book/Material – if there are enough copies for each person. (If not, explain in the letter how they will be provided.)
- School Days 5-14 Committee members read the book or view the media and complete the checklist.
- Principal prepares the agenda (Appendix G) and ballots (Appendix I).
- The meeting is held, and a vote is taken on the examined media.
- School Day 15 Principal notifies the Senior Director and Senior Coordinator of Library Media Services of the committee’s decision. (Appendix F)
- Principal notifies the complainant(s) of the committee’s decision. (Appendix E)
- Principal notifies the Senior Director and the Senior Coordinator of Library Media Services if appeal is being requested.

DISTRICT APPEAL PROCESS

If the original complainant, library media specialist, teacher, student, or other personnel directly affected by the committee's decision wishes to appeal, the principal will refer the matter to the Senior Director.

The superintendent or the superintendent's designated representative, not members of the committee, will then convene and serve as the Chairman of the District Media Review Committee. This committee is representative of the total school district and will include the following:

1. Senior Director supervising the school bringing the challenge
2. Senior Coordinator for Library Media Services
3. Senior Curriculum Coordinator (representative of content area)
4. A teacher from the appropriate content area and level - Secondary should have a Language Arts teacher
5. County Intellectual Freedom Representative for the Polk Educational Media Association
6. Three (3) parents - (one SAC committee member from the school bringing challenge, two SAC committee members representing the same grade division in the district)
7. One School Board member from the respective area.

The District Media Review Committee follows the same procedures as outlined for the School Library Media Committee (page 15). The decision by this committee shall determine if the media is to be used by the local school.

The Chairman of the District Review Committee and/or the Associate Superintendent of Learning shall immediately convey to the superintendent by telephone and in writing the decision of the committee and forward all pertinent documentation to the Senior Director's office and a copy to Library Media Services. (See Appendix F)

Should the complainant be unable to attend the District Review Committee meeting, the superintendent or superintendent designee shall notify the complainant(s) in writing of the decision of the District Review Committee. (See Appendix E)

The superintendent shall present the report of the District Media Review Committee to the School Board.

APPEAL PROCESS
DISTRICT MEDIA REVIEW COMMITTEE
TIME LINE

- School Days 1-4 Senior Director receives the request for an appeal and appoints his designee.
- Senior Director designee reads the School Board Policy for “Procedure for Examination of Media.”
- Senior Director asks the District Library Media Services staff to find reviews of the media.
- Senior Director schedules a meeting of the District Media Review Committee. Senior Director writes a letter to the complainant(s) advising where and when the meeting will be held and inviting them to attend. (Appendix C) The complainant does not need to attend but must be allowed to attend.
- Senior Director writes a letter to committee members asking them to attend the meeting and explaining the procedure they will follow. (Appendix E) Be sure to include the following:
- Procedure for Examination of Media (page
 - Checklist (Appendix H)
 - Reviews – if there are any
 - Book/Material – if there are enough copies for each person. (If not, explain in the letter how they will be provided.)
- School Days 5-14 Committee members read the book or view the media and complete the checklist. Senior Director prepares the agenda (Appendix G) and ballots (Appendix I).
- The meeting is held, and a vote is taken on the examined media.
- School Day 15 The superintendent’s designee notifies the superintendent (and the appropriate supervisor) of the committee’s decision. (Appendix F)
- The superintendent or superintendent’s designee shall notify the complainant(s) in writing of the decision of the District Review Committee (Appendix E) if the complainant is unable to attend the District Review Committee meeting.
- The superintendent shall present the report of the District Review Committee to the School Board.

APPENDIXES

Letter

Item

- A. School Library Media Committee Verification Form
- B. Request for Examination of Media
- C. Invitation to Complainant
- D. Committee Members' Notification Letter

(PLEASE USE SCHOOL LETTERHEAD)

Date

Mrs. Mary Jones
100 Central Avenue
Bartow, Florida 33830

Dear Mrs. Jones:

I have received your request for examination of (type of material), title, by author. The district policy for examination of media allows me to convene the School Library Media Committee for this purpose.

I have called a meeting of the School Library Media Committee for date at time in the _____ . You are invited to attend this meeting as an interested observer.

In compliance with district policy, each committee member will read, view, or listen to the media and complete Checklist for Library Media Committee's Evaluation of School Media. The committee will then determine if the media will be retained in the school and will report the decision to me.

If you have any questions about this meeting, please contact me at school phone number.

Sincerely,

Principal

cc: Senior Director
Senior Coordinator of Library Media Services

Appendix D

(PLEASE USE SCHOOL LETTERHEAD)

Date

Inside Address of Committee Members

Dear _____:

A request has been submitted for the examination of title, by author, at school name.

The district policy for examination of material instructs me to convene the School Library Media Committee. The meeting will be held on date at time in the place.

As a committee member, you will need to read, listen, and/or view this material and complete the attached checklist before we meet. As you work through the checklist, you may find some questions which do not apply to this medium; mark these "N.A." for not applicable. You may find some questions which you cannot answer; mark these D.K. for don't know. Enclosed are copies of the "Examination of Media" policy along with the aforementioned materials.

Thank you for serving on this very important committee.

Sincerely,

Principal
