**P. General Goal/Purpose/Outcome**

The purpose of this component is to deliver the knowledge and skills teachers need to demonstrate an understanding of the role of assessments in guiding reading instruction and instructional decision making. To achieve this objective, teachers will learn the skills to administer and interpret instructional assessments to include screening, diagnosis, and progress monitoring with the purposes of prevention, identification, and remediation of reading difficulties. Upon successful completion of this component, participants will have a working knowledge of test formats in the five areas of reading; understand test reliability and validity; use data to identify trends and differentiate instruction; monitor student progress over time; identify assessment issues and techniques appropriate for LEP students and students with disabilities. The participants will demonstrate

**Q. Specific Objectives (Must have 1 Minimum and Up to 12 Maximum for Each Category)**

**Acquisition:**

Participants will:

1. Obtain knowledge to describe or recognize appropriate test formats and types of test items for assessing the major elements of reading growth: phonemic awareness, phonics, fluency, vocabulary, and reading comprehension.
2. Gain understanding of the role of assessment in planning instruction to meet student learning needs.
3. Learn to interpret students' formal and informal test results.
4. Learn to identify measurement concepts and characteristics and uses of norm-referenced tests.
5. Gain understanding of the meaning of test reliability and validity, and describe major types of derived scores from standardized tests.
6. Acquire knowledge of the characteristics, administration, and interpretation of both quantitative and qualitative instructional assessments (to include each of the following: screening, diagnosis, progress monitoring, and outcome measures).
7. Learn to analyze data to identify trends that indicate adequate progress in student reading development.
8. Gain understanding of how to use data to differentiate instruction (grouping strategies, intensity of instruction: ii vs. iii).
9. Gain understanding of how to interpret data with application of instruction that matches students with the appropriate level of intensity of intervention (in whole class, small group, one-to-one), with appropriate curricular materials, and with appropriate strategies.
10. Learn to identify appropriate criteria for selecting materials to include in portfolios for monitoring student progress over time.
11. Learn to identify interpretive issues that may arise when English language tests are used to assess reading growth in LEP students.
12. Learn to identify reading assessment techniques appropriate for
