Please note these street abbreviations are being modified (one time automatically in the Genesis residence address field). Student Residence Address changes after September 10 should follow this format. As always, if an address doesn't validate, you may put in the appropriate flag (0 for outside the county, X for in the county but doesn't validate).

When Avenue is in the beginning of an address, like AVENUE L NE, you should enter the entire word, AVENUE (in the past it was AV L NE).

The identified JPV for Jan Phyl Village will be going away, but it can be entered in the area for descriptive comments, just lrl~e Wahneta may be added in the descriptive comments for those addresses that might be similar to another address in Winter Haven.
