

Am I Safe on the Internet?

Directions: Check the items below if they properly describe your online practices.

- _____ 1. If I have a social network page, I use a site that allows only known friends to access my page and I don't allow anyone else to see it.
- _____ 2. I never divulge my last name to online acquaintances.
- _____ 3. I never reveal my address to online acquaintances.
- _____ 4. I never disclose my phone number to online acquaintances.
- _____ 5. I never tell my usernames or passwords to online acquaintances.
- _____ 6. My handles don't offer any clues to my identity.
- _____ 7. I've never sent my picture to an online acquaintance, and don't plan to.
- _____ 8. I've never met an online acquaintance in person, and don't plan to.

If you checked 7 or more items, you are safe. If you checked 5-6 items, you may be placing yourself in danger. If you checked fewer than 5 items, you are unsafe. If you checked fewer than 7 items, you should consider changing your online practices. In the space below, state how you can improve your Internet safety.
