Review of Research Applications
PHASE II: RRC Review

Principal Researcher:
Research Study Title:
Researcher Institution:

Instructions: After carefully reviewing the research summary sheet and application packet, read each of the following questions, and respond with your observations.

1. Are the results of the study of potential benefit to the district?

2. Is the research methodology effective to answer the proposed research questions?

3. Are the protocols to ensure confidentiality/anonymity of response and data security sufficient to protect study participants?

4. Is the use of instructional, student, and/or employee fully justified?
5. Overall, does the proposal adhere to professional standards of research practice?
