

What does my donation look like to a student experiencing homelessness?

A donation of:

\$20 buys a shoe voucher. With your contribution, he/she has at least one pair of new shoes for school.

\$25 buys two weeks worth of bus passes to support school attendance and parental involvement. Your help makes it possible for a parent to attend a teacher conference.

\$25 buys a backpack full of school supplies. Thanks to your gift he will be prepared to learn at school!

\$25 is the average amount of a grocery gift card that we give to families. Your generosity allows Mom to go to the grocery store and buy food for dinner.

To make a financial contribution to our program, please visit <http://www.polk-fl.net/districtinfo/departments/officeofthesuperintendent/pef.htm> and write "HEARTH Project" in the "Specific Program" information box.

Your donation helps make the difference in our students' lives. This additional support we provide would not be possible without your generosity. Thank you for helping our students have what they need to be successful in school!
